### 2014 Winter League

#### Match No. 1

Date: **9th March 2014.**

Venue: **Stallance Reservoir, Maidstone, Kent. (reserve venue Staplehurst was unfishable)**

Conditions:

The sun shine was present all day with very little wind.

Summary:

Fishing on the warmest day of the year sounds good but the fish were just not biting. Pegs 1,2 and 3 seemed the most productive for the bigger fish with the winner coming from peg 2 with two carp for six pounds. The top end furthest away from the small res fished poorly and 8ounces was the top weight with all the fish falling for Pinkie on a size 20 hook. A lovely day to be out but very poor fishing.
