Match No. 10

Date: **10th August 2008.**

Venue: **Staplehurst Reservoir, Kent.**

Conditions: A warm day with a few cloudy periods with a spot of rain, hardly any wind at first then picked up during the morning, water level low.

Summary: A smallish field for this venue with only 11 competitors. Again it was a case of middle swim taking the points with Ralf locating the carp with a respectable weight mostly taken with pellet & on feeder. Some struggled to locate any decent fish whilst others persevered with the pole for the Roach. One or two fish were taken on the surface.
A variety of baits caught, mainly pellet, maggots, corn & worm.
