2011 Winter League

Match No. 10

Date: **16th October 2011.**

Venue: **River Medway, Old Section, Waterringbury, Kent.**

Conditions: A cold misty & frosty start to the winter 2nd leg match. The sun didn't get out till mid morning to clear the mist & warm the day up. Wind & flow in same direction. Water level was slightly down but with 2' visibility. Need rain to flush the river through.

Summary: With 19 competitors was an excellent start to the winter 2nd leg matches. The weather set into late autumn mode therefore it was no surprise first thing to find the field white with frost, covered in mist & very cold indeed. To say the fishing was hard would be an understatement! Most did not even get a bite until the sun came onto the water at late morning. Then it was a case of going for the Bleak in the middle that was the saviour for most. Even Alex using Bloodworm struggled with a few small Perch, Ralf claimed victory with a hard earned mixed bag of small fish. Pole was the chosen weapon for most; there were no Bream or Skimmers for the feeder. Even the Pike didn't want to play! Even so it turned out to be a sunny day.
