2010 Summer League.

Match No. 11

Date: 26th August 2010.

Venue: River Beult, Cross-at-Hand, Kent.

Conditions: Cloudy, cold day as the summer draws to a close with a very strong NW wind. Driving rain from mid morning made it even more enjoyable! Water level normal, visibility clear 3'.

Summary: Not the best of match conditions with the strong cold winds making it very difficult to fish, in some swims it was not possible to use the pole to its full extent, margin fishing being the order of the day, the 'waggler' was lost in the waves & the feeder did not produce any results either however squats & pinkies on size 22 hooks did trick a few small Perch, Bleak & Roach; very little ground bait was used in the clear conditions.

Even the Pike weren't feeding apart from a couple baby jacks that took worm bait.

The very poor conditions did effect the overall weights, with 4 competitors not even having a bite!

A day to forget!

Quite a number of decaying sheep carcasses in the water, nice!
