2010 Winter League & Christmas Match

Match No. 14

Date: 23rd November 2010.

Venue: Staplehurst Reservoir, Kent.

Conditions:

A very wet start, the car parking area was a quagmire, cloudy all day with slight drizzle to begin with & a light changeable wind that was very cold, most of us froze!
Water level of the reservoir was high & had a slight colour, 2' visibility.

Summary:

Because of the big freeze in December a belated final League & Christmas match, with a field of 13 not bad considering the weather.

Pole & Quiver tip/feeder were the chosen methods, maggot being the more successful (if you can call it that) bait, all struggled to catch in the bitter cold, bags comprised of nearly all Roach with the odd Perch. Alex caught the only carp (8lbs) to come out which helped him win not only the Bobel Memorial Christmas trophy but the Winter League title as well, a close run thing with only a point in it!

Ralf's third place secured him the Overall League Title; a well done to them both!

Afterwards we had the Christmas draw with plenty of prizes in which all competitors were successful!
