### 2013 Winter League

#### Match No. 2

Date: 14<sup>th</sup> April 2013.

Venue: Toke Farm Reservoir, Linton, Kent.

Conditions:

A cold cloudy day with periods of rain & drizzle to begin with, a variable wind, very cold for those on the windy side. Warmed up later with sunny periods. Reservoir was brimming full. Track was flooded so parking only possible near farm buildings that meant a long walk!

Summary:

With a field of 18 competitors, the venue was almost full. It was a hard one with everyone struggling. Despite the conditions everyone did catch. With the Bream & Tench not on the feed Roach was the main quarry on the pole or waggler on a mixture of baits from pellet, maggots, worm to bread. Later the wind put pay to the use of the pole for most so on to the feeder. Small Roach making up most of the fish caught. Alex & Tony had a small Bream each that helped but it was Pete that had a mixed bag of Roach, Gudgeon & small Perch to take the honours hotly followed by Alan.
