2009 Winter League.

Match No. 2

Date: 15th February 2009.

Venue: River Medway, Watlington, Kent.

Conditions: A cool damp start that warmed up slightly during the morning, it remained cloudy & overcast. The river was quite coloured & still up a bit, running through quite quickly with a bit of rubbish coming down; only to be expected with the bad weather & flood conditions we'd experienced the previous few weeks. We all agreed it was worth a shot!

Summary: Despite the snow of the previous week it was decided to "give it a go".
The results showed maybe we made the wrong decision?
What can one say? With just 4 fish caught not the best of days!
There were only two options, swim feeder close in or waggler tight to the bank; with it "hacking" thro' at times the pole wasn't feasible option.
Kevin & Tony had Pike rods out to stop the boredom, resulting in a reasonable fish for Kevin & a couple of missed runs for Tony, at least they had a bit of action.
