Match No. 3

Date: **8th March 2009.**

Venue: **Staplehurst Reservoir, Kent.**

Conditions: A bright sunny day but very cold indeed, especially on the shaded side of the reservoir where we froze with the cutting icy cold wind, brollys were the order of the day on that side, this did afford some protection. Those on the other sunny side bore the brunt of the high winds. The rain came just as we packed up! The water level was right up over the first part of the bank but still quite clear.

Summary: Again it was a case of picking up the carp to be in with a chance of winning. Don cracked it with just two fish.

The two Colins had to wait until the last ½ hour to get any bites, this proved fortunate for Mr Wood who managed a couple of carp that gave him 2nd place, as the saying goes "It ain't over till the final whistle". The bream seemed scarce with only a few coming out but the Roach still helped a few not to blank, White maggot & worm seemed to be the most productive bait with very few fish coming out on pellet, feeder rod & pole being the chosen instruments.

Unlike the last match no one blanked... Points wise Colin M's & Kevin N's solitary fish turned out to be very valuable... but that's the luck of the draw!
