2009 Winter League.

Match No. 4

Date: 12th April 2009.

Venue: Toke Reservoir, Linton, Kent.

Conditions: A misty cool start to the day with a light breeze, this increased & it remained overcast for the rest of the day. The water level was high.

Summary: The Bream & Tench didn't show in any numbers so most had to try & concentrate on the pole after Roach & Skimmers to make up the weights. Those who kept on the feeder were disappointed with only a few of the larger fish coming out however a few were broken up with some good Tench on the pole.

Strange how this water fishes, the previous week members reported there were some excellent mixed bags but not on this day!

On the long trek back from the res. Jim managed to drive over (with the aid of his motorised fishing trolley & trample on one of his pole sections... Hmmm... expensive day for some!
