2007 Summer League.

Match No. 5

Date: **6th May 2007.**

Venue: **Oakapple Fisheries, Benover, Kent.**

Conditions: Cloudy with a cold wind, but dry, water level normal.

Summary: Well the first Summer League match of the season & at a new venue; a disappointing turnout with only 10 competitors turning up! Really would have expected more. However, as expected everyone weighted in which makes a change from some venues, the comp took place over both waters. A real mixed bag with Carp, Bream, Skimmers, Tench, Roach, Rudd, Perch & even a nice Goldfish making up the catches. Quite a number of anglers on the smaller water were broken by Carp going for the lilies, the elastics took a hammering!
All baits seemed to work, Bread & Luncheon meat produced the larger fish, the pole & waggler seemed to be the most popular methods.
A special thanks goes to our Malcolm for keeping the venue in great shape & the pegs all numbered up ready.
