### 2007 Summer League.

#### Match No. 6

Date: **3<sup>rd</sup> June 2007.**

Venue: **Linton Park Lake, Kent.**

Conditions: Sunny periods, with a cool Easterly wind developing later but dry, need for 'sun' brollies on the point swims! Water level was normal.

Summary: A reasonable turn out with good catches for most. The carp had started spawning & were crashing about in the lilies. It was one of those days when the fish were 'on'! The bream were certainly, over 100lb of them caught, well done to Don who keep them on the feed & using a quiver, feeder & a variety of baits including soft pellet won with a excellent 57lbs. Despite his injury the 'one armed man' Kevin came a good second with 19lbs. closely followed by Barry on the 'podium' again with 18lbs. The fish mainly came from the main lake swims, the bays Stile & Boathouse did not produce this time. Paul caught but had to leave early so did not bother to weigh in. It was good to see some decent weights, an enjoyable day.
