2012 Summer League

Match No. 7

Date: 5th August 2012.

Venue: River Beult, Cross-at-Hand, Staplehurst, Kent.

Conditions:

A humid, warm but cloudy start to the day that then developed into a wet one with very heavy showers, with a light wind, it turned sunny & hot later. Water level was normal & clear.

Summary:

Unfortunately the river had started to get back to its normal state for this time of year i.e. gin clear & increase of weed growth but not enough to stop us fishing it, just the odd 'iceberg' of duckweed floating by. The first seven pegs suffered with low weights of just the odd Roach, Rudd, Perch & Bleak, further down things improved slightly with a few more fish. Ralf was able to locate & hold a nice shoal of Roach on the far bank fishing the pole on hemp & tares. The feeder did not fare well with most hoping for the Bream & Tench that were there a few weeks ago; no doubt they still are but they didn't want to know despite all the different baits being tried from casters to worm! Jack Pike were again present attacking nets & fish being reeled in. Kevin's had no luck with dead baits though!
