Match No. 8

Date: 29th July 2007.

Venue: River Medway, Watlingbury, Kent.

Conditions: The day started with cloud & rain, once the match started the weather brightened up with sunny periods & a light breeze. Despite all the rain & floods the water level was slightly coloured with flow at normal rate. There was a lot of submerged branches & rubbish in the water.

Summary: Again a small number of competitors fished, being the prime holiday period may have had an effect. Not the easiest of matches with some struggling, no big catches of Bream but some competitors were broken on large fish. Tony had a few Jack Pike also was smashed on a good fish, presumably a Carp which ran for 30 yards, eventually loosing it down by the boats!
The latter pegs once again produced results. Competitors swapping between the pole, whip & feeder. Maggot, hemp, corn, bread & tares were the main baits used.
Most of the bags were made up with Roach, Rudd, Bleak, Perch, Skimmers & the odd Eel.
It turned out to be a warm sunny day, a lot better to be fishing than working or gardening!
