2013 Summer League

Match No. 8

Date: 18th August 2013.

Venue: Toke Farm Reservoir, Linton, Kent.

Conditions:

Warm cloudy day with some sunny periods, SW wind, water level 3' down but with 18" visibility.

Summary:

This match it was decided to make it a rod & line event only i.e. no poles, just to make it interesting! So it was a waggler or feeder day. Kevin drew 'pole' position in swim 1 South bank & didn't disappoint by taking the honours with a mixed bag of Roach, Perch, Fantail Crucians, Tench & Skimmers.

A lot struggled using the feeder even those in the productive swims. Strange how some swims produced 40lb of fish during the week & yet couldn't 'buy' a bite in the match. Steve tucked under the tree on the North bank managed 2nd with a good mixed bag. Ralf stuck with worm to give him 3rd place with a mixed bag of Bream & nice Roach. The little Perch & Gudgeon saved quite a few from a barren day!

Did not using a pole make that much difference to the results? I don't think so!
