2007 Summer League.

Match No. 9

Date: 12th August 2007.

Venue: Staplehurst Reservoir, Kent.

Conditions: Still to begin with a slight wind getting up during the morning, cloudy with sunny spells, water level slightly down & coloured.

Summary: Again another reasonable turn out with plenty of carp being caught & lost! Not so many Bream this time but excellent to see some good weights again. Pole & Quiver/feeder were the successful methods, soft pellet, corn & maggot were the favoured baits. Colin had a busy day ending up with a good bag of Roach. Barry won with a very respectable catch of Carp.
