### 2013 Summer League

#### Match No. 9

Date: **1st September 2013.**

Venue: **River Medway, Waterringbury, Kent.**

Conditions:

A bright warm day with sunny periods very little wind, water level slightly down but with 18" visibility.

Summary:

The last of the summer league matches with another good field of competitors. Once again there were no big catches of Bream that most of us were after by concentrating on the feeder, in the end it was the mixed bags that were successful by moving onto the pole or waggler fished shallow in the middle for Bleak & Roach or just off the bottom for Skimmers with maggot or pellet.

Alan had a busy day in the shallow swim one using a combo of hemp & tares to earn him first place. Tony had to use the feeder because of the swim trees & bushes but proved successful just earning him second place with a mixed bag of Skimmers, Roach & a nice Perch using worm & maggot. Kevin managed the best Pike so far on dead bait.

Another hard day for most but enjoyable, being able to park by you swim does make things a lot easier & convenient!
