### 2008 Summer League.

#### Match No. 9

Date: **10<sup>th</sup> August 2008.**

Venue: **River Medway, Watlingbury, Kent.**

Conditions: A warm sunny day thankfully with a few cloudy periods, but with a strong wind blowing downstream, making it interesting! Despite the recent rain water level normal & still relatively clear.

Summary: A complete turn around from the last match where the majority struggled, especially those in the middle swims. The wind didn't help nor those who drew a swim with overhanging trees, having to concentrate on the feeder rather than trotting a waggler whilst using conventional rod (this is where a pole comes in handy).

The last swim again produced the winner, Kevin having a reasonable day with a good mixed bag that included a fine Eel. Barry did temp a nice Perch with a bunch of maggots after it had a go at a Roach he was brining in.

The Bream didn't show in any numbers, the bags contained mostly Skimmers, Roach, Perch & Gudgeon.
