2011 Summer League

Match No. 9

Date: **25th September 2011.**

Venue: **River Medway, Old Section, Wateringbury, Kent.**
(Venue change from Cross-at-Hand, River Beult still weeded over)

Conditions: A warm but cloudy day with sunny spells & light variable winds. Wind & flow in same direction. Water level was slightly down but with 3' visibility.

Summary: Despite a venue change due to the duckweed problem on the River Beult (need a lot of rain for a flush through!) a reasonable turn out for the last summer match. A few competitors were allowed to change their drawn swims where it made fishing them n e on impossible, Alex took advantage of this (not being a mountain goat) & had to go in the second field (which has now been planted up for the winter crops, gateway blocked!) The conditions looked good however in reality it turned out to be a match where all struggled. It was hard work; bags contained small Roach, Perch, and Bleak, the odd Gudgeon & even Pope! Pinkies being the most productive bait for Jim. Ralf, Tony & Steve struggled to even get a bite! The feeder was just not productive & most had to go onto the pole/waggler catching Bleak in the middle, mid water on the drop. Colin started to connect with them only to break his No: 5 section thus reducing the range he could fish at, expensive day! No luck with the Pike for Kevin & Tony either however Barry did catch a small Jack on pellet much to his discussed. Despite being a poor day, fishing wise the sunny weather made it worth while just being there, did bring out the boats though!
