2011. "Inter-Clubs Match" (First leg.)

Date: 10th July 2011.

Venue: River Medway, Watlington, Kent.

Conditions:

A warm sunny day with some cloud & a light breeze. Water level was slightly down with 1 – 2' visibility. Boats weren't that much of a problem.

Summary:

A good turn out of 19 competitors for this event. Not quite as many LAS lads as hoped, just 5 of us actually, Barry Andrews, Don Brown, Ralf Cheeseman, Allan Denyer & self Tony Spall. Different story with MVAS, they treated the match as a summer league one with the necessary points available hence a good turn out by their members. Barry pegged 38 on both of our stretches of the Medway. The Bow Bridge bit didn't fish as well as the 'Old' stretch, saying that Ralf managed a respectful 9lb of Bream & Perch & Roach on the feeder fishing the first swim by the bridge; you know the one under the willows. Apart from some odds & sods I only managed a small mixed bag of Roach, Perch & Bleak a little further on, Jacks were a pain!

On the 'Old' section the winning weight was 14lb+ of Bream & Roach, 2nd & 3rd came from this section as well. Barry changed half way thro' from an unproductive feeder to pole to get a reasonable bag of Roach 6lb.

Both Don & Allan had small mixed bags. I understand just about every conceivable bait was used in the match, Ralf reckoned changing the bait often helped. I think we can say the MVAS were the victors just of the first leg with a lead of only 0.04lb! A close run thing, next one is on their Barming stretch of the Medway on 9th October.

Well it was a close run thing. We agreed before the match that we would add each teams weight and divide by the number of anglers to determine the winners.

Maidstone Victory averaged **4.43lb** per angler and Linton **4.39lb**. Very close indeed.
