2014 Summer Match 6

Match No. 12

Date: **24th AUGUST 2014.**

Venue: **Toke Farm, Maidstone, Kent.**

Summary:

The forecast was for an overcast day, just perfect for the bream, but as it turned out the skies were pretty clear, this may have been the reason the weights were not as expected.

Well done Peter won the match enticing two bream out of the margins, a few others were caught around the reservoir, with the smaller species of the reservoir making up the rest of the weights.
