### Sid Flood memorial roach only match

Date: **15th June 2014.**

Venue: **Staplehurst Reservoir, Maidstone, Kent.**

Summary:

The day was overcast with the wind blowing from the northeast, the wind was relatively light. The roach and rudd were caught all round, on many different baits including corn, pellet, hemp seed, tares and the good old maggot. On a day when carp didn't count many people caught them on light tackle, Colin Wood caught 14 from the reed end of the reservoir, a lot of them were taking tares.
