### 2014 Evening Match

#### Match No. 4

Date: **21th May 2014.**

Venue: **Toke Reservoir, Maidstone, Kent.**

#### Summary:

Match started at 18.30 pm and it looked as if Colin Wood was going to storm away with 3 Tench in the first few minutes. Jim fell down a rabbit hole that was covered by grass and it looked as if he was not going to fish? Jim quickly proved that this accident was not going to stop him and came through in first place with a good mixed bag mainly Roach. The rain held off all night but due to the cloud cover it got dark very quickly. The match finished at 9pm and by the end of the weigh in it was a problem to see. Ralph came a close second with a good bag of bream, and there were some good Roach caught.
