### 2014 Summer Match 3

#### Match No. 8

Date: 13th July 2014.

Venue: Staplehurst Reservoir, Maidstone, Kent.

#### Summary:

Weather started off with some rain but it soon dried out and a hot sunny day with slight showers continued throughout the morning. The best catches were taken from the surface on pellet waggler. All the biggest weights were made up from Carp. Those who went for the silver fish seemed to struggle and very few of the bigger Roach showed. No Bream showed and the bank with the trees along it struggled to produce fish, even on the feeder.
