2004 Syd Flood Memorial Competition.

The Syd Flood Memorial Competition is a society match held annually on the River Beult. It is a “**Roach only**” competition & is separate from the League Matches & as such it carries no points.

Date: **20th June 2004.**

Venue: **River Beult, Hawkenbury, Kent**

Conditions: Day started warm & sunny turning cloudy & windy with rain towards the end of the match. The water temperature was quite high.

Summary: River fished very well, maybe it will be a good season on the River Beult; last year it was a bit drab! A lot of fish were caught as well as Roach (which only counted in this match). A few big bream were caught, Tench were rolling on the top, one angler hooked a good one but after a long struggle lost it. There were some large Pike about causing problems & a lot of decent Perch & Chub caught. A pity about the low attendance! Well done to Don Brown for winning again for the fourth year running. Get down to the River & give it a try, hopefully you will have a good day & be pleasantly surprised.
