## Tri - Match Inter Club Comp. Results

### The Terry Booth Memorial Trophy

Date: 18<sup>th</sup> July 2010.

Venue: Holm Place Farm.

Conditions: Cloudy but warm start with a slight wind that increased. It developed into a hot one with sunny periods.

Summary: This year it was decided to make it a one off event. It use to be held on each of the three participating clubs waters namely those of Holmside F.A. East Farleigh A.C. & Linton A.S.

Richard Leeson & Neil Ballard of Holmside kindly agreed to organise the event on their water at Holm Place Farm on the Isle of Sheppey. This is a long stretch of Dyke that they have renovated, dredged, rebuilt the banks, planted lilies & rushes; whilst it may not be very deep it does hold some quality fish including good carp. As East Farleigh had an event that clashed they did not participative this year.

Not knowing the water that well most of the Linton boys went for the pole or waggler, the water being ideal for that set up, with maggots, hemp, casters, pellet or corn as the preferred bait.

A lot of the Holmside lads concentrated on going for the carp with bottom baits such as, worm, boilies & dog biscuit or crust on the top; unfortunately a gamble that didn't pay off.

Right from the start the Rudd & Roach were on the feed; some of us were able to keep them going, for others it seemed to switch off at 9.30 when the wind got up.

Our Kevin was able to keep them interested with his new 'improved' ground bait & managed to land the 'Silverware' with a good convincing win.

I think we can safely say that Linton were the overall winners.

Thanks again to Richard & Neil for inviting us to fish their interesting water.
